

LASCOL CLEAN CITRO

DEGREASER

HIGH PERFORMANCE DEGREASER FOR ALL AREAS IN INDUSTRY

SCOPE

High performance degreaser for all areas in industry and crafts.

APPLICATION OF LASCOL CLEAN CITRO

In today's world, cleaning problems in industry and crafts are increasingly being solved with special cleaners designed exclusively for a single solution.

The **LASCOL CLEAN CITRO** has been developed to clean organic substances (oils, fats) as well as synthetic substances (resins, waxes, adhesive residues, PU, paint mist or bitumen)

CHARACTERISTICS OF LASCOL CLEAN CITRO

- Removes oils, greases, adhesives and polyurethane residues.
- Tar, lubricants, graffiti, resins, rubber residue, paint, abrasiv strips.
- Short cleaning times through high dissolving properties.
- Optimum cleaning effect down to -30°C.
- Special additives cause rapid drying of the treated surfaces.
- Environmentally friendly - based on natural extracts won from citrus - and orange peel.
- PH-neutral and 100% bio degradable.
- Particularly suitable for the degreasing of aluminium parts.

HANDLING OF LASCOL CLEAN CITRO

Apply to the soiling surface and work with a cloth or brush.
Wipe after a short reaction time. For heavy soiling, repeat the cleaning process.
We recommend a compatibility test on the surface to be cleaned.

Storage temperature: 5 - 40°C

Storage time: 12 months

Packaging: 400 ml sprays, 5 l, 10 l and 25 l canisters, 60 l and 200 l drums.
