

# LASCOL ARO 60

**LONG TERM CORROSION  
PROTECTION WAX FOR MANUAL  
APPLICATION**

**INDOOR / OUTDOOR  
PROTECTION**

## SCOPE

- Protects all material types (60 months indoor storage/12 months outdoor storage)

## APPLICATION

- Suitable for the corrosion protection of metal and machine parts of all kind, which are stored temporarily or become deposited.
- A solvent-based, water displacing anticorrosive, which leaves a waxy protective film once the solvent has evaporated.
- Applied by brushing

## CHARACTERISTICS OF LASCOL ARO 60

- The protective film formed after evaporation of the solvent, is of waxy structure, which can be easily removed by hydrocarbon cleaner or aqueous alkaline cleaner.
- Is characterized by very good dewatering property and evaporation / drying.

**Corrosion protection time: indoor/outdoor storage: 60 months/12 months**

Kin.viscosity at 40°C: >20.5 mm<sup>2</sup>/sec      Density at 20°C: 0,84g/ cm<sup>3</sup>

Flash point: 48°C - Thickness 60μ

Storage temperature: 5 - 40°C

Storage time: 36 months

Packaging: 5 l, 10 l and 25 l canisters and 60 l and 209 l drums
